The Chenoa fund was very helpful to us and without it we would not have been able to purchase a home of our own. The only thing that could have been more helpful would have been a better description regarding repayment. Such as, please note that the repayment of this loan will be outside of your monthly mortgage payment. We are grateful for the help as we had some of the funds for our down payment, but not all that was necessary for our home. This program is important and I'm sure it would be very helpful to others. Thank you again and we hope this fund will bless others like it did our family.

I was so thankful for, your assistance. With no where to live, rent, or anything buying was my only options I had no clue what it took to purchase a home, and I was thankful for your help because I needed a home right now. My wife and I used the Chenoa fund for DPA because we did not have a large amount of money for a down payment. Owning a home means the world to us as we can now provide a more stable environment for our growing family. This fund is very beneficial and we are greatful for the opportunity.

I really appriciate the service you provide. I believe you are the reason I was able to purchase a home. I have good credit but needed a little boost for down payment. I am 48 years old this year and have finally purchased my own home. Thank you

Can you believe I wrote this in cursive? No one writes in cursive any more :)

The down payment assistance I received was monumental to me and my opportunity of owning a home. It has given me the freedom to be my own person and have my own space to be creative and relaxed. I had some money saved but not enough for the full down payment. I looked into some other down payment assistance options but after talking with my lender we both decided that Chenoa Fund was the best fit for me. My experience with the before and after process with CBC has left me believing there is no need for improvements to the program.

Minority homebuyers will be most affected by this rule. Are you a minority?
Yes

If you had not had this down payment assistance, how long would it have taken you to buy a home?
3+ years

Many people Chenoa Fund helps are first generation homeowners. Were your parents/guardians homeowners?
Yes

Please provide any additional thoughts regarding why homeownership is important to you, and why Chenoa Fund should be allowed to continue its work.
If it wasn't for the Chenoa Fund I wouldn't have been able to purchase my first home for My 2 kids & I. They truly are a God send & helped our dream come true as well as I'm sure many others. They should definitely be allowed to continue helping others dream of becoming a homeowner come true.

Using chenoa, helped my family have the opportunity to get our home. The only thing I recommend is better customer service availability. It was difficult getting in contact with a representative when our first payment came due.
