Chenoa Fund Down Payment Assistance Loans

While many people do manage to purchase a home by saving for a down payment over a period of years, increasing home prices and stagnant or low wages can make this quite difficult. By helping responsible home buyers to overcome the challenge of the minimum investment required for a mortgage, CBCMA is helping to create healthy communities by improving the balance between home ownership and other types of housing. This way, new

homeowners can start now building equity for their future, rather than potentially waiting for years to save a down payment while home prices may become even more unaffordable.

Chenoa Fund provides the down payment to assist you with a home purchase. There are no first-time borrower requirements. The following are the primary programs offered by CBCMA.
