Minority homebuyers will be most affected by this rule. Are you a minority?

I Prefer Not To Answer

If you had not had this down payment assistance, how long would it have taken you to buy a home?

3+ years

Many people Chenoa Fund helps are first generation homeowners. Were your parents/guardians homeowners?

Yes

Please provide any additional thoughts regarding why homeownership is important to you, and why Chenoa Fund should be allowed to continue its work.

I work very hard as a teacher for my students, but am not compensated sufficiently for the many hours that the work requires. There is also not much opportunity to increase my income even with a Masters degree. I feel fortunate to have had this opportunity to use the Chenoa fund down payment assistance program and thankful that I did not have to continue living at my mother's house just so I could save enough money. I am thrilled with my home and sincerely hope that others can benefit from the program as well.

I am so grateful. The assistance allowed me to keep the small amount I have saved in my 401k and to let it continue to grow. This home is a blessing for me and for my children. My hope is that they will be encouraged to own their own homes and find financial security. It has been a long and hard journey, paying off large bills and improving my creditworthiness. We are blessed.

My only difficulty, something I was not prepared for, has been that the loan sold 5 times in four months. I spent each month chasing my loan and that was scary because I absolutely want to make my payments on time. We managed to figure it out, but it took some doing.

Now things are going smoothly again.

Thank you so much for the program and the opportunity.

I Never Would Have Been Able

The Chenoa program is a critical program that helps people who wouldn't otherwise be able to afford to buy a home, become homeowners. It would really hurt the economy as well as widen the gap between the "haves" and "have nots" if this program were to go away. I strongly encourage you to keep this program and continue to help people like me who have worked extremely hard all my life, become a homeowner.

It meant a lot to finally own my home to be able to provide my daughter what I should be able to provide her. To show what hard work gets you. She has a place to call her own
