The program offers the means for buyer to purchase homes that otherwise would not be able to purchase. The rental market is out of control and the real-estate homes sales as compared is less then the rental monthly payments. For family's struggling to live in this changing market it has made affordable housing realistic in a rental market that is not. The buyer only pay for there closing cost which in most cases is the same amount as the money they need for a lease agreement. The added benefits of home ownership and contribution to a stronger community as well. Chenoa has made that possible.

Many of my clients live paycheck to paycheck and don't have the ability to save money because they are paying more for rent than they would pay for a home of their own. The Chenoa Fund allows these borrowers to buy a home and continue paying what they are use to in rent but for their own home. In short the Chenoa Fund makes the American Dream a reality.
