I have used the program since 2016 and found it extremely beneficial to all types of borrowers. In the case of minorities and nurses, first responders, teachers, it has gotten them into a home that under normal circumstances they would not have been able to purchase one.

I strongly believe in the program and hope that it will continue

I have worked with the program since 2016 and found it to be one of the best programs to help first time home buyers.

In all of the 35 loans I have closed since then, ever borrower would not have been able to purchase a home if it were not for the program. There were many nurses, care takers and first res ponders that were given the assistance that they could not get elsewhere.

From what I know all have continued to make there payments and live in the homes purchased.

This program helps so many people achieve the American dream of owning a home. This is one of the best programs on the market. Please keep this program alive so we can help more borrowers own homes.
