Minority homebuyers will be most affected by this rule. Are you a minority?

No

If you had not had this down payment assistance, how long would it have taken you to buy a home?

3+ years

Many people Chenoa Fund helps are first generation homeowners. Were your parents/guardians homeowners?

No

Please provide any additional thoughts regarding why homeownership is important to you, and why Chenoa Fund should be allowed to continue its work.

Not many people this day in age have thousands saved just to put down on a house, however, they should still not be denied the joys of home ownership. That money is better spent on the expenses of owning a home. I'm someone that makes good money and can afford to pay monthly bills, however, I choose to spend my money on enjoying life versus just letting it sit in a bank. There is nothing wrong with those that do, however, when I am on my death bed, I will be caring less how much money I have in the bank and more on how I lived my life. These down payment assistance programs help people enjoy life and live it vs having to work themselves to death or borrow it from family so they can have a home.
