I was very pleased with the assistance program, my family and I had been house searching for 6 years prior to the day i walked into a local office and was offered help with my down payment. For 6 years i was gathering information at different mortgage loaners, but i never could get my down payment. I keep praying and God moved so mysteriously because i saved enough to almost meet my down payment, i was ready to give up and he sent me to Kyri Patterson of American Housing offered this to me. I am so grateful!

At the time I started looking for a house me and my family were living in a dangerous neighborhood. A lot of break ins and robberies started taking place in the community. I have four kids and I was so afraid for their safety. I had just landed a new job and didn't have enough money saved just yet to make a down payment. By being able to receive this fund which was definitely a gift from God I moved my family to a new community which was much safer and quiet.
