People from any background all have their own particular situations that they are dealing with. Availability of down payment assistance programs ensures that more people may be able to attain their dream of home ownership, even if they haven't been able to save up a sizable down payment. People get sick, kids need braces, cars need repaired- life happens. Hard-working, responsible people that aren't able to save up a down payment shouldn't be denied the opportunity to buy a home, just because they're doing their best.
