With the assistance of your program we were able to purchase our dream home and still have money left to paint the walls (which were hideous) and other items that we needed to get started in our new location. When we moved to Utah buying a home was a huge priority, as we have the best dog in the world and two small children, and we wanted to make sure that they all had a safe place to play and enjoy the outdoors. Without the assistance your program provided we would not have been able to purchase a home with as much yard space as we did. We spend most of our time at home outside, so this has been amazing for us! The process of applying for your program was effortless, and we encountered no obstacles or undue stress. Thank you so much for all you have don't for our family!
