What percentage of applicants who you've offered Chenoa Fund to in the past, would NOT have been able to buy a home without this program?

76-100%

What are the main reasons you offer the Chenoa Fund program?

Ability to help more borrowers

Based on your book of business, who will be most hurt by this new mortgage letter?

Minorities

Please provide any additional thoughts regarding why this program is important to you, and why Chenoa Fund should be allowed to continue its work

There are a lot of borrowers who qualify for a fha mortgage with the exception of having their own down payment. This program helps so many deserving families be able to provide a permanent home for their families. Providing this type of stability can help every member of the family succeed better at work and school. Thus bettering the society as a whole. Families that do not have permanent housing and are forced to move frequently because of raises in rent or landlord deciding to sell are not as able to maintain steady full time employment and the children are usually forced to change schools causing them to get behind or the new school not having the same curriculum or special accommodations if needed. A permanent home provides so much stability in many different ways. Without a way to help the median income families with their down payment, they will not be able to have the stability in jobs, families, schools, that upper class families have.

The down payment is the hardest thing for most borrowers to save. Chenoa gives them the opportunity to get into a house and get out of renting. A large percentage of the home buyers that use Chenoa pay the same with their new house payment as they were paying in rent.
