To whom this may concern,

The Chenoa fund was a great help to my family and I, when it came to purchasing our first home because although we had funds saved, it wasn't enough to make our down payment.

Owning our home meant putting our child in a position where some day the home will be paid off and become her's some day. It meant living in a place where we all felt at home and knowing we could add and change whatever we'd like.

In conclusion, the Chenoa funds really came through for my family and I and we will be forever grateful.
