Thank you for giving me this opportunity in purchasing my new home. I am so grateful without your program it would've taken me years to buy a house. I was working very hard to save on buying a house but sometimes financially it's hard. I know that there are a lot of people in my situation and to know that there's a program out there to help is a dream come true. I am so happy to say I have a house of my own.

Thank you!

First of all, we want to thank Chenoa fund for helping us with the down payment. We did have a small amount of money saved up for down payment. Without Chenoa fund we would not have enough money for down payment. Thank you so much for making it easy, so that we could still buy our home. We love + enjoy our New home.

Thank you,

Without the assistance of Chenoa Fund, we wouldn't have had the full down payment to purchase our very first home, and we would still be renting. We are so thankful that they were there to help us become happy home owners! Their assistance also allowed us to save the money we did have put aside for other expenses and any unexpected expenses along the way. After closing on our home, they've kept in consistent contact to ensure that we are making our mortgage payments on time so that we do not have to pay back the money they provided. It feels great knowing that they are on your side and want you to be a successful home owner.

15 months ago,

If it were not for the Chenoa fund it would not have been possible – I was living in a rental that allowed me my dogs, they wanted to sell the house – if it weren't for the fund I couldn't have done it and I would have had to find another home that would take 5 dogs, which would have been near impossible over \$10,000

I am a home owner for 15 months now

**Minority homebuyers will be most affected by this rule. Are you a minority?**

No

**If you had not had this down payment assistance, how long would it have taken you to buy a home?**

1-2 years

**Many people Chenoa Fund helps are first generation homeowners. Were your parents/guardians homeowners?**

Yes

**Please provide any additional thoughts regarding why homeownership is important to you, and why Chenoa Fund should be allowed to continue its work.**

Waiting 2-3 years would have been a nightmare. I'm a single mom who is also a teacher, without this we would be wasting money on rent.

I believe that this funding should not go away to help those in need like my family and I were helped. We are trying to get Americans out of the streets not put more Americans out on the streets.

We are a family of 5 and have been renting homes. We have had to move every year while renting for a variety of reasons. Owning a home has changed our lives. We would never have been able to own without down payment assistance. Please allow this program to continue so others can benefit.

Chenoa Fund should be allowed to continue its work because: (1) assisting people to obtain homeownership helps them to feel more secure and stable, (2) owning a home is cheaper than renting, and (3) it helps people achieve the goal of "The American Dream" without the financial stress while helping the economy.

The Chenoa Fund allowed me and my wife to but our first home when we were 24 years old. Leasing a home is too expensive, especially when you're getting nothing in return. Owning a home is not only cheaper than our monthly payment in the area for leasing but also helped us feel like we were no longer on the hamster wheel. Running forever with nothing to gain from it. With out the Chenoa Fund we would have never been able to afford the down payment to get us out of the lease. This is a great program.
