Hello MR whipple, thank you for reaching out to me about my new home, this is my first home, which I love so much, I had a good team working with me, MR Zach Jones & <sup>me</sup> Brian Smith. when I started looking for a home, I had only 1,500.00, which I used for my Earnest, Appraisal, & inspection, so I do not have an egg nest to fall back on, I'm a single parent of a 16 yrs old daughter, living from paycheck to paycheck. I did not want to buy a home, but rental properties are very expensive, so I told my-self I might as well try to buy, so here I am, I appreciate, love, & have the most respect for Castle & Cooke LLC. In all of my steyes on this earth, never thought about buying a home, this home is where my heart is, very loving & cozy, & I will make my payments on time, because this is something that I can not lose. I appreciate everyone that was involved in ~~get~~ making this happen for me.

Thank you

Ms. Lucille Knowles

I just wanted to take a minute and write to let you know how much the Chenoa Fund helped me. If I would not have had this assistant I would not be living in my home. Down payments are hard something to come up with especially when you are already in a bind and not making much money. The fund helped me not only move into my home, but it helped me build my dream house for me and my little one and actually give me an opportunity to live in a nice area. I did not have another source of assistant from anyone else. It was not a option when I was purchasing my home. I am so grateful for this and I know that they will only help other like me in the future and continue to do great things for a lot of people around the world.

I couldn't have bought a house without Chenoa's assistance. I have a full-time job and make decent money but it would have taken me a decade to save a 20% down payment. I am proud to be a homeowner on my own, and Chenoa made that possible .
