Your assistance allowed me to purchase a home. Being self employed it had been a challenge to get financing or loan approval. But with your help I am a happy home owner. Much appreciated!!!

Dear Chenona Fund,

Your help with providing down payment assistance allowed our family to move from our very cramped apartment home to home.

We did not have a down payment to purchase our home. This helped us so much. We are now able to have enough room for our children. This was god sent for our family. We have a 6 kids.

Thank you,
B Hanley
