Shawn,

**Here is my statement regarding the support of the Chenoa fund that I submitted this morning.**

I use the Chenoa fund as much as I possibly can. This program gives families an opportunity to purchase home when they no other means of locating a down pmt., or family members who cannot help them with down pmt. assistance. This program has competitive rates, has ease of use. The Chenoa fund changes lives for the better.

It creates stability in neighborhoods, The Chenoa fund gets families in better financial shape as they now start building equity in a home and for the children of parents who use this Chenoa Fund they have large smiles, a place of belonging, peace of mind that they have a home and they do not have to move once a year as renters constantly have to deal with that. Studies show that kids who live in houses that their parents own do better in school, better in social settings and feel less peer pressures from others and they score better on tests. I show 100% support for the Chenoa fund. We all need to do more in the world to create a better supportive foundation for the upcoming generation of children. The Chenoa fund is creative way in the financial world to help families achieve financial success and attain a beautiful house.
