76-100%

Ability to help more borrowers

**Based on your book of business, who will be most hurt by this new mortgagee letter?**

Minorities

**Please provide any additional thoughts regarding why this program is important to you, and why Chenoa Fund should be allowed to continue its work**

This program is extremely important because often we find people who will qualify for home loans but however do not have funds to close, so again my clients makes the income but can not save enough money for down payment of a home in which they deserve the american dream and will be able to have a equitable future for their children because it is the biggest investment that each citizen can and should have

We need this program to help grow this economy through home ownership more people in homes is more taxpayer on the tax rolls in every city meaning more revenue each city can generate the more people we can put in homes the more jobs we can create so not only does this program help families who are qualified but it also helps our economy
