What percentage of applicants who you've offered Chenoa Fund to in the past, would NOT have been able to buy a home without this program?

76-100%

What are the main reasons you offer the Chenoa Fund program?

Ability to help more borrowers, Unique program features

Based on your book of business, who will be most hurt by this new mortgagee letter?

Minorities

Please provide any additional thoughts regarding why this program is important to you, and why Chenoa Fund should be allowed to continue its work

Most DPA programs require a 640+ credit score, this program allows us to help those with lower credit scores that otherwise would not be able to buy. Having the program options as well with no income limits is another very huge benefit that is not available on other DPA programs. This program definitely has unique features that is simply not available in the marketplace otherwise. Most clients who are using this program are doing so because the other DPA programs don't fit.

This program allowed a mexican immigrant family who did not have access to other Down payment assistance programs because their DTI was just over 45% into a home for the first time in over 5 years. They had been working and working, cleaning up credit, trying to build savings, everything they could do to get into a home, but the housing costs just kept creeping up, and everytime they took one step forward, the market took them one step back. Please, please, please do not pull this niche program that is designed to catch the people who are falling between the cracks of traditional down payment assistance, and allowing them to get their foot in the door on properties instead of always playing catch up to a target advancing at the same rate.

it provides people who cannot qualify under traditional loans to be a homeowner. This serves the community that are typically underserved. Plus families that own homes have a lot of benefits, kids are more likely to go to college, and it is a safe investment for the homeowners.

It is the ONLY program that serves the blue collar class that makes too much to qualify for the other down payment assistance funds. They make not enough to save up with all the expenses that life brings. It also allows the borrower to qualify for more home vs all other down payment assistance programs.

The Chenoa program makes it possible for borrowers that cant qualify with other down payment assistance to qualify because they allow for the same debt ratios that FHA does rather than restrict them and i believe that is much more fair to them allowing more first time and minority borrowers to qualify.

Chenoa is a unique program that provides many qualified homebuyers the opportunity to achieve homeownership that wouldn't otherwise be able to purchase their dream home. It would be a grave disappointment and have a staggering effect on the market if HUD were to eliminate this program.
