Please provide any additional thoughts regarding why this program is important to you, and why Chenoa Fund should be allowed to continue its work

All state run DPA programs are ridiculously restrictive, expensive, and often do not provide sufficient funds for down payments, requiring prospective home buyers an inability purchase a home. The feature of this program that allows for anyone who is not a homeowner to use it is a huge benefit. All other programs require a 3 year waiting period before someone can buy again. With many homeowners who wish to sell and unable to get enough equity from their existing home to purchase another, it is the only program that is available to this subset of buyers.
